## NEW YORK DANCE PROJECT

The **NYDP TRAINEE PROGRAM** gives dancers a unique opportunity to train again IN PERSON. While the wait has been hard, Trainees can now safely do what they love, every day, and continue to develop as a dancer, artist, and person.

**BALLET AND CONTEMPORARY:** Personalized classes in ballet, pointe, contemporary, partnering, audition prep and career advisement. Options for pointe and contemporary (no pointe).

Select Trainees will participate in company rehearsals with **NYDP Commissioned Choreographers:** Danielle Diniz, Madison Hicks, Brittany Markle, and Maleek Washington.

The physical and mental well-being of Trainees is top priority. NYDP requires facemasks in the studio and proof of a negative COVID-19 test prior to starting the program.

NYDP studios are located on the upper west side of Manhattan. Visas and dormitories available.
